I. AUTOMATIC DRIVE SYSTEM

2. RECYCLER CUTTING SYSTEM

3. 3-IN-1 VERSATILITY

1

AUTOMATIC DRIVE SYSTEM

A drive technology that matches your step and pace; when you speed up, the mower speeds up. When you slow down, the mower slows down. (Not available on model 29639 or 20954)

2

PATENTED TORO® RECYCLER® CUTTING SYSTEM

Chops clippings repeatedly into tiny bits and forces them back into the turf where they decompose quickly and provide nutrients and moisture to the soil.

MODEL 20958

3

3-IN-1 VERSATILITY

It allows you to use the mower as a recycler, or in side discharge mode in addition to rear bagging. (Not available on model 29639)

4

RECYCLE-ON-DEMAND

Just a simple shift of a lever switches the mower from the bag setting to recycling mode – Toro®'s perfected mulching technique. (Not available on model 29639 or 20954)

MODEL 29639

5

BLADE BRAKE CLUTCH (BBC) SYSTEM

Disengages blade while transmission remains functional. Allows for bag emptying with the engine running. (20958 only)

4. RECYCLE-ON-DEMAND

5. BLADE BRAKE CLUTCH
